

Level 2 Diploma in Electrical Installation

Location	Stockport College
Course Type	College 16-18
Department	Electrical Installation
Start Date	Monday 2nd September 2024
Course Code	SFP-BL2D-1100

Course Overview

The City and Guilds (2365) Level 2 course aims to give you the basic underpinning knowledge and practical skills required for progression to the City and Guilds (2365) Level 3 Certificate in Electrical Installation qualification.

This course is built on the successful completion of the following units:

- Health and Safety in Building Services Engineering
- Principles of Electrical Science
- Electrical Installations Technology
- Installation of wiring systems and enclosures
- Understand how to communicate with others within Building Services Engineering

Please note that a key component of any full time programme is work experience, therefore we advise learners applying for the course to start sourcing out potential industry related opportunities, during their time at college.

Course Requirements

5 GCSEs at grades 9 - 4 preferably including Maths and English, however if you have not already achieved this it may be possible to study GCSE English and Maths alongside this course at the discretion of the electrical installation team.

Existing applicants must have also completed the relevant vocational Level 1 qualification.

Learners must be dedicated and committed to the requirements of the course and Stockport College with a high level of attendance and punctuality supported by continued home study.

Assessment

The completion of a variety of online multiple choice, written and practical assessments strategically planned during the academic year.

Progression

Learners who successfully meet the criteria set out in the vocational, Maths and English directives, whilst also adhering to the standards of the Stockport College code of conduct, may progress to the City and Guilds (2365) Level 3 Certificate in Electrical Installation course.

Career Options

Electrician, electrical engineer, electrical supervisor

Mandatory Units

Learners will complete the following units:
