Site Carpentry Level 3 Diploma

Location	Stockport College
Full/Part time	Full-Time
Department	Carpentry & Joinery

Course Overview

Throughout this course, you will be learning advanced craft techniques including traditional roofing, advanced staircase fitment, site management, site planning, specification and details. Maths and Geometry are a key requirement of this level as you will be calculating roofing geometry, areas and use of space on site. You will also learn about budgets, advising clients and insulation and conductive properties whilst using fixed and transportable saws, ban saws and planes.

Course Requirements

Successful completion of the Level 2 Diploma in Site Carpentry.

Course Assessment

The Level 3 Diploma in Site Carpentry course has seven mandatory units that you must complete successfully to achieve the qualification. You will be assessed through practical assignments and online multiple choice tests for each unit.

Course Finance

This further education course is free for all 16-18 year olds who are a resident in the UK and the European Economic Area or have been for the last 3 years. You must be under 19 years old on 31st August in the calendar year you start your course.

19+ learners, please contact the Customer Services team on 0161 886 7070 for course and fee information.
