Level 2 in Diploma in Vehicle Maintenance and Repair

Location	Stockport College
Course Type	College 16-18
Department	Motor Vehicle
Start Date	Monday 2nd September 2024
Course Code	SFP-MS2D-1100

Course Overview

Once you have gained an understanding of the basics at level 1, you will further develop your skills by concentrating on fault finding and maintenance. By using various tests and by measuring equipment, you will expand your knowledge of chassis systems, vehicle electrics, engines and transmission systems. You will also look at roles available within the motor industry.

Course Requirements

4 GCSE's at Grade 3 or above (including maths and English Language).

IMI Level 1 Diploma in Transport Maintenance.

What You Will Learn

The Level 2 Diploma in Light Vehicle Maintenance and Repair Principles has been designed to build upon skills and knowledge you have developed on the Level 1 course. The course will give you a comprehensive grounding in theoretical and practical aspects of motor vehicle repair.

Assessment

There will be nine online tests and one assignment on Workplace Relationships to complete.

Progression

Upon successful completion of the qualification you can progress on to Level 3 Diploma in Motor Vehicle or Level 2 Apprenticeship (subject to meeting the entry criteria and requirements related to the apprenticeship course).

Career Options

Engineering technicians, aircraft maintenance, telecommunications engineer, mechanic. electrician.

Mandatory Units

Removing and replacing light vehicle chassis components
Fuel and ignition systems
Light vehicle transmission systems
Removing and replacing light vehicle electrical components
Engine technology - removing and replacing
Health and Safety and good housekeeping in the automotive environment
Tools, equipment and materials for vehicle maintenance
Workplace relationships
