Carpentry & Joinery Level 1 Award

Location	Stockport College
Full/Part time	Full-Time
Department	Carpentry & Joinery

Course Overview

The course is designed for those wishing to gain an understanding of the tasks and theories within carpentry and joinery. The course curriculum team have many years of experience in industry and can support you in your learning and assessment.

The course will provide you with knowledge of:

- Introduction to the workshop
- How to use a variety of hand tools
- Fixing floor coverings
- Fixing door frames
- Hang a door
- Fit a mortice lock
- Fit a letter plate
- Fit skirting board
- Fix architraves
- Repair/replace mouldings
- Repair damaged window cill or door frame
- Fit and fix a window board

Please note: There will be opportunities within the programme to undertake additional activities; such as laying garden decking. This can be discussed with the course team on enrolment.

Course Requirements

No specific qualifications, previous learning or experience is required.

However, basic literacy and numeracy skills are an advantage. In addition, candidates should have the ability to read, write, organise and interpret written tasks in English.

An initial assessment of each candidate will be made before the start of the programme to identify candidates that have any specific training needs support, credit they have accumulated and the appropriate type and level of qualification.

There will be an induction programme so the candidate fully understands the requirements of the qualification[s], their responsibilities as a candidate and the responsibilities of the centre. This information will be recorded on a learning contract.

Course Assessment

There is no formal examination but tutors will continually assess your development needs throughout the short course.

Course Finance

£250.00 including materials and use of power tools and machinery (not to be taken off college premises)

Course Includes

Carpentry & Joinery
