

## HNC Civil Engineering

Location	Stockport College
Course Type	University Level
Department	Building Services
Start Date	Wednesday 17th January 2024
Duration	Part-Time, 1 Year
Course Code	SPQ-HC4H-1110

## Course Overview

---

The HNC in Civil Engineering is about helping to prepare you for a prosperous career in the construction sector. The main focus of this course is on hands-on, practical work, which is underpinned by theory. Problem solving is a very important skill, and you will use your critical thinking and analysis skills to apply the UK and EU codes of practice and industry standards learned on this course. The areas of maths and science which support engineering principles will be covered, along with management techniques and subjects that boost your awareness of the economic and commercial context of engineering processes.

## Course Requirements

---

All applications will be considered individual merit, however, offers will usually be based on:

1. BTEC Level 3 qualification in a relevant subject
2. Other related Level 3 qualifications
3. Normally 4 GCSEs at grade C or above (or numeric score of 4/5 under newly reformed GCSE grading), including Maths and English
4. An Access to Higher Education Diploma in a relevant area
5. Related work experience may be considered in place of formal qualifications

## Assessment

---

Through written assignments, reports, and presentations.

## Progression

---

Progression to the Level 5 HND Construction- Civil Engineering

## Extra Costs Involved
