Advanced Manufacturing Technique Extended

Diploma BTEC Level 3

Location	Stretford Campus
Full/Part time	Full-Time
Department	Engineering

Course Overview

This course is aimed at students who would like to work in a range of roles in the Engineering & Manufacturing sector. This course provides the opportunity for you to develop knowledge and skills in the design, development, manufacture and maintenance of engineering products and systems. This qualification could lead to employment in a number of sectors including Automatic Manufacturing, Maintenance Engineering or Machining.

Course Requirements

5 GCSE's grades 4 or above including English. Maths at grade 5 or above.

Course Assessment

You will complete projects and assignments based on realistic workplace situations, activities and demands. All the units are assessed by course assignments, which meet grading criteria for Pass, Merit and Distinction.

Course Finance

This further education course is free for all 16-18 year olds who are a resident in the UK and the European Economic Area or have been for the last 3 years. You must be under 19 years old on 31st August in the calendar year you start your course.
