NCFE L2 Certificate Understanding Climate Change and Environmental Awareness

Location	Online - Flexible Learning
Full/Part time	Distance Learning
Department	Adult Education Flexible Learning

Course Overview

FLEXIBLE ONLINE LEARNING

We all have the power to make a difference and create a more sustainable future for the next generation. This course will teach you all about the principles of climate change & environmental awareness so you can make a positive change in a time where the environment is facing the biggest challenge ever. You will learn about the impact of pollution, the barriers to a sustainable future and how to challenge these barriers. You will also learn about the advantages of renewable energy and how to reduce energy consumption and carbon footprints for a better world.

PERSONALISED LEARNING PLATFORM

This self-learning course has been developed to fit around you and your lifestyle.

Assignments can be completed online.

You will be assigned a tutor who will be available to offer guidance and support through your learning journey.
